

BEZZONI

TAPWARE

BY BARBEN

Bezzoni Tapware by Barben Architectural Hardware is quite simply, unique. From the solid brass construction to the various electroplated and PVD finishes available, the Bezzoni tapware collection combines world renowned ceramic cartridges and componentry with minimalist designs to create a stunning range of tapware that is an irresistible option for your next project.

Each and every tap is tested in a rigorous quality control procedure to ensure the satisfaction of the end user and also to uphold the high standards set by Barben Architectural Hardware.

Backed by a 15 year warranty the Bezzoni collection is a refreshing alternative to the mainstream offering and provides the end user with a selection of finishes to suit their specific project. In addition to the standard finishes Barben's extensive experience in the designer and boutique projects has contributed to the introduction of the unique Barben electroplate finishes. The compilation includes finishes such as Urban Brass, Midnight Bronze, Burnt Burnished Brass, Vivid Grey, Vivid Copper, Urban Black PVD and Uber Gold , all of which allow the project to make a statement and provide an individual touch.

To compliment the Bezzoni Tapware, Barben also offer a family of accessories that blend seamlessly with the minimalist Bezzoni tapware designs.

TIME

As the name suggests the TIME Collection of tapware is a minimalist and timeless design that will compliment any bathroom space.

Available in Chrome and a combination Chrome/Black PVD finish as standard the TIME collection can also be supplied in Barben's unique electroplated finishes to give your bathroom that WOW factor.

For an even less is more design the TIME cover plates can be supplied in a 65mm option as compared to the standard 90mm diameter plate. The smooth operation of the TIME tapware is attributed to the high quality ceramic cartridges and components used in the manufacture of the range.

UNIVERSAL

The UNIVERSAL collection encompasses quality brass fittings and accessories that compliments the tapware ranges providing you with the flexibility to design your ultimate bathroom space.

Stunning contemporary exposed shower sets provide both functionality and a bold elegance to the aesthetic appeal of your bathroom space. In contrast the wall and ceiling arm combinations with both square and round shower head design offer a minimalistic design approach. Bezzoni also manufacture a shower slider on rail with elbow that can be used in conjunction with both wall and ceiling mount shower heads to provide an unparalleled level of versatility for your shower space.

The UNIVERSAL accessories like all of the Bezzoni range are designed and manufactured to heighten your showering experience whilst still adhering to our environmental commitments to WELS ratings.

To complete the range of UNIVERSAL accessories the Bezzoni collection also offers two styles of laundry cocks to suit your individual project.
