

The Gainsborough Architectural Hardware Range

Open up a world of possibilities with Gainsborough... An illustrious history spanning over 40 years, Gainsborough is at the forefront of development, production and distribution of superior door hardware to commercial and residential projects. Gainsborough, an Australian company, is part of the GWA group of companies, which includes brands such as Caroma, Dorf, Fowler, Stylus, Clark, Radiant, Irwell, Dux and Brivis.

The Commercial division of Gainsborough comprises of esteemed brands such as Gainsborough Architectural, Austral Lock, Hillaldam and Eco-Schulte. These brands make up an impressive collection of leading-edge commercial door hardware products, designed to meet the needs of today’s commercial building activity. This range includes door furniture and lock sets, door controls, patch fittings, electronic access controls as well as a comprehensive range of components for sliding, stacking and folding doors. Manufactured to the highest standards and designed for timber, aluminium and glass doors, the Commercial range features a variety of popular and aesthetic finishes, as detailed within. The special keying facilities will accommodate the most complex of keying requirements, from master keyed to great grand master keyed systems. Restricted profile keyways are also available.

Significant investment in design, engineering and manufacturing operations has fostered the continual release of new products to market. Gainsborough is committed to producing the finest quality product possible, having renewed its certification under the ISO 9001:2000 Quality Management System. Gainsborough is also included in the internationally acclaimed Lloyd’s Register of Quality Assured Companies. Gainsborough offers a free door scheduling service. With this comprehensive range of products, Gainsborough is the first choice for commercial door hardware.

Ordering Information

When ordering, add relevant finish code to form complete catalogue number, as shown under products illustrated.

For dummy lever versions, add ‘D’ to the number shown, followed by the relevant finish code.

* Denotes longer screws available (FAMT 124) to suit 50mm thick doors.
** Denotes to specify Left (L) or Right-Handed (R) when ordering.

Old version of indicators shown – newer version with slight modification supplied.

E&O: This range brochure may contain typographical errors, inaccuracies, or omissions that may relate to product descriptions, colours, measurements and product codes. Gainsborough Hardware Industries Limited reserves the right to correct any errors, inaccuracies or omissions and to change or update information at any time without prior notice. Further, due to continuous product development, some products may vary from that shown and due to the nature of the printing process, colours may vary from those shown in this brochure. Gainsborough Hardware Industries Limited recommends that you consult Gainsborough or its distributors prior to purchase to ensure accuracy of information. Gainsborough will not be held liable for any injury, loss, damage etc resulting from information contained in this document.

Proud members of ADHA, MLAA, AWA, ASOFIA

Handing

Some of Gainsborough’s door furniture products are handed. To assist with identifying the required handing, please refer to the diagrams below for an explanation.

Note: For selection of left or right-handed 757 rebate kits, please refer to the handing information diagram shown on page 12.

Maintenance and Cleaning

Gainsborough suggests cleaning knobs, levers, roses and plates every 2 months with a soft, damp cloth.

A solution of soap and water could also be used to remove dirt from knobs, levers, roses and other surfaces, but should not be used on cylinders. Ensure liquid does not enter cylinder at any time.

When cleaning, avoid using acidic or abrasive substances which may contain solvents, i.e cleaning products, as such substances may cause a deterioration of the finish.

Caring for Stainless Steel

Depending on the environment where the product is used, blemishes can appear on stainless steel product. To help prevent this occurring, clean once a month.

Blemishes on satin stainless steel may be removed by rubbing with a suitable stainless cleaner/polish.

Ensure rubbing occurs in the same direction as the grain itself.

Lubrication of Locks and Cylinders

Locks

Gainsborough products are manufactured using a quality lubricant for smooth operation.

If the product has been installed in a region subject to extreme climate or subject to a dusty environment, then such conditions may affect the original lubricant and therefore the product may require re-lubrication.

In this case, the working mechanism may be cleaned with a non-corrosive substance and then re-lubricated with a quality silicone or teflon based lubricant.

Do not use lubricant in cylinder (oil or aerosol type).

Cylinders

If the key becomes “sticky” in the cylinder, you may sprinkle a small amount of graphite onto the key and then insert the key inside the cylinder.

Do not use lubricant in cylinder (oil or aerosol type).

Terms of Warranty

Guarantees on Finishes and Product

Gainsborough Hardware Industries Limited ACN 004 792 269 (“Gainsborough”)

In addition to the guarantees under the Australian Consumer Law (“ACL”), Gainsborough provides consumer’s (ie. retail customers not trade customers) an extended warranty that all products in its product range (“Products”) will be free from defects in materials and workmanship under normal use (“Guarantee”) for the following periods of time (classified by product series and in accordance with the guarantee symbol on the Products):

- 5 year limited tarnish resistant and 10 year limited mechanical** Gainsborough guarantees to repair or replace the Product if within five (5) years from the proven date of purchase it tarnishes, discolours or corrodes; or if within ten (10) years from the proven date of purchase any mechanical defects occur.
- 5 year limited tarnish resistant and 5 year limited mechanical** Gainsborough guarantees to repair or replace the Product if within five (5) years from the proven date of purchase it tarnishes, discolours or corrodes; or if within five (5) years from the proven date of purchase any mechanical defects occur.
- 5 year limited tarnish resistant** Gainsborough guarantees to repair or replace the Product if within five (5) years from the proven date of purchase it tarnishes, discolours or corrodes.
- 2 year limited tarnish resistant and 7 year limited mechanical** Gainsborough guarantees to repair or replace the Product if within two (2) years from the proven date of purchase it tarnishes, discolours or corrodes; or if within seven (7) years from the proven date of purchase any mechanical defects occur.

Exclusions	Australian Consumer Law	Guarantee Claims
<div>1 This Guarantee only applies to defects which have arisen solely from faulty materials or workmanship in the Product and does not apply to other defects which may have arisen as a result of, without limitation, the following:<ul style="list-style-type: none">– accidental damage, abuse, misuse, maltreatment, abnormal stress or strain of the Products;– neglect of any kind in respect of the Product;– tarnishing and damage to or deterioration of finishes as a result of harsh or adverse conditions (including corrosive environments such as the coastal locations and large fluctuations in pressure or temperature);– deterioration in colour and performance of polymer materials;– fair wear and tear;– installation or maintenance of the Products not in accordance with the instructions provided with the Products.</div> <div>2 Alterations or repair of the Product other than approved by Gainsborough are not covered by this Guarantee (for the avoidance of doubt, attachment of accessories or use of non genuine replacement parts other than those manufactured or approved by Gainsborough are not covered).</div> <div>3 Costs incurred by the removal, replacement or installation of the Product are not covered by this Guarantee.</div> <div>4 Personal injury, property damage or economic loss, howsoever caused, will not be covered by this Guarantee.</div>	<div>In addition to this Guarantee, certain legislation (including the ACL) may give you rights which cannot be excluded, restricted or modified. This Guarantee must be read subject to such legislation and nothing in this Guarantee has the effect of excluding, restricting or modifying those rights.</div> <div>If Gainsborough fails to meet a guarantee under the ACL, your remedy for such failure may be limited to any one or more of the following:<ul style="list-style-type: none">– replacement of the product;– repair of the product;– refunding the cost of the product;– payment of reasonable costs of having the product repaired;– payment in respect of the reduced value of the product.</div> <div>As required by legislation, including the ACL, any claims for damage, or any consequential loss either directly or indirectly due to defects of any kind in a product will only be met by Gainsborough where the damage or loss was reasonably foreseeable by Gainsborough.</div> <div>Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.</div>	<div>Any defective product must be returned to the point of sale before replacement can be considered under the terms of this Guarantee. If the costs of returning any defective parts are excessive or unreasonable, please contact Gainsborough on 13 14 18 so that we can arrange a collection (if considered appropriate in the circumstances).</div> <div>Guarantee claims can be made at the point of sale or by posting or faxing a Guarantee claim to Gainsborough (contact details listed below) within 3 months of the appearance of a defect. Guarantee claims under this Guarantee must include the following details:<ul style="list-style-type: none">• Date of Purchase;• Location of Purchase;• Proof of Purchase;• Contact Details</div> <div>Gainsborough’s contact details are as follows:<div>Address: 31-33 Alfred St Blackburn VIC 3130</div><div>Telephone: 13 14 18</div><div>Fax: 13 18 14</div><div>Email: ghisales@gwgagroup.com.au</div></div>

Flush Pulls

- Gainsborough offers a range of 304 grade stainless steel flush pulls to complement the S5R or the S5S series stainless steel door furniture.
- Choose from a rectangular design featuring the finger pull recess with rounded ends (96FP); or a rectangular design which offers the recess with square ends (99FP).
- All flush pulls feature concealed fixing with screw holes located within the cut-out of the flush pull – at top and bottom. Round head screws are also featured for convenience.
