

Schlage S-6000 Digital Touchpad Door Lock

The sleek and stylish Schlage S-6000 is packed full of features that give homeowners effortless control over access to their home.

Easy to program, the S-6000 provides up to 8 different user PIN codes and temporary access codes can be created for contractors or guests that may need to enter your home on a short term basis. The S-6000 also has additional security features such as a built in alarm which can sense forced entry, and an auto re-locking feature if the door is left unlocked for a period of time.
